	WASH CLEAN DELICATE water detergent for delicate fabrics	

APPLICATION.

WASH CLEAN DELICATE It is designed for water-based washing of delicate fabrics. It protects fabrics from shrinkage and wool from felting, and stabilizes colors. The ingredients in the formula were specially selected to protect natural fibers during the washing process.

DOSAGE

WASH CLEAN DELICATE Be used 2-5 ml/l of water depending on the wash temperature. The specific dosage is determined by the technologist based on local technical conditions and depending on the temperature (the lower the temperature, the higher the dosage) and the type of fabric being washed.

WASHING TEMPERATURES

In the range of 20°C – 40°C.

TECHNICAL DATA

Density	approx. 1.0 kg/dm ³
Reaction	Inert

PACKAGING.

Plastic canisters with a capacity of 1L, 5L, 20L or other upon agreement with the customer.

STORAGE AND TRANSPORT.

Transport and store in tightly sealed manufacturer's packaging at a temperature between +5°C and +30°C, away from direct sunlight. Shelf life: 24 months from the date of production.

SECURITY.

Causes serious eye damage.

Harmful to aquatic life with long lasting effects.

Contains: 2-bromo-2-nitropropane-1,3-diol, reaction mixture of 5-chloro-2-methyl-2H-isothiazol-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1). May produce an allergic reaction. Avoid release to the environment.

Wear protective gloves/protective clothing/eye protection/face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

Dispose of contents/container in accordance with local, regional, national and international regulations.

The product contains a mixture of surfactants and auxiliary substances: non-ionic surfactants 5 – 15%, phosphonates less than 5%, enzymes, preservatives.

ATTENTION! This product is intended for professional use. The manufacturer and distributor are not liable for damage caused by improper use.

The Manufacturer provides the above information and recommendations based on research, trials, and experience. The Manufacturer does not guarantee optimal end results if the product is used inconsistently with the recommendations or if storage conditions are beyond the Manufacturer's control. The information contained in this document is based on currently available data characterizing the product and the Manufacturer's knowledge. It should be considered only as an aid to the safe use, transport, and storage of the product.the above information. This does not release the user from liability for improper use.
