APPLICATION.

WAX SHINE CAR- is an effective, synthetic paint protection product. It perfectly combines protective properties with the final visual effect. It protects against all harmful atmospheric factors, restores natural shine, and revitalizes color. Thanks to its hydrophobic properties, it not only simplifies and shortens the washing process but also helps keep the bodywork cleaner longer.

HOW TO USE.

Before use, wash the car thoroughly. Additionally, spray the surface with water. Apply the product to the wet paintwork. Polish with a dry cloth until dry. Do not apply to a hot bodywork. If the product separates, stir.

TECHNICAL DATA.

Density	1.00+/-0.02 kg/dm ³
Reaction	Alkaline

PACKAGING.

Plastic bottles and canisters with a capacity of 0.50 l, 0.65 l, 1 l, 5 l, 10 l, 20 l or other upon agreement with the customer.

STORAGE AND TRANSPORT.

ADR/RID: Not subject to ADR restrictions

Transport and store in tightly sealed manufacturer's packaging at a temperature between +5°C and +30°C, away from direct sunlight. Shelf life: 24 months from the date of production.

SECURITY.

Safety data sheet available upon request.

Contains: 2-bromo-2-nitropropane-1,3-diol, reaction mixture of 5-chloro-2-methyl-2H-isothiazol-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1). May produce an allergic reaction.

If you need to seek medical advice, show the container or label.

Keep out of reach of children.

Read the label before use.

WARNING! This product is intended for professional use. The manufacturer and distributor are not liable for damage caused by improper use.
